POSITIONWANTED:

I have 13 years experience in the field of surveying. Five of those years are in the gas and oilfield industry. My previous employer, New Field Service Group, was doing the Crowley water line district for Chesapeake. It was shut down, in turn it forced New Fields to layoff myself, all field crews, and cad techs. Please feel free to contact New Field Service Group. Below please find two contact numbers for the owners.

J T Thompson (RPLS/owner) #940-390-6040
Nate Olson (Engineer/owner) #940-595-0528

Should you have any questions, feel free to contact me anytime at 817/986-2374.
Thank you for your time, and I look forward to speaking with you in the near future.

Sincerely,
Richard W Bond
